[Introduction to Cybersecurity](#)

Issued by: [Cisco](#)

Issued to: Tokpah V. Sanjue

Issued on: 5 August 2021

Description: Cisco verifies the earner of this badge successfully completed the Introduction to Cybersecurity course. The holder of this student-level credential has introductory knowledge of cybersecurity, including the global implications of cyber threats on industries, and why cybersecurity is a growing profession. They understand vulnerabilities and threat detection and defense. They also have insight into opportunities available with pursuing cybersecurity certifications.

[Introduction to IoT](#)

Issued by: [Cisco](#)

Issued to: Tokpah V. Sanjue

Issued on: 17 August 2022

Description: Cisco verifies the earner of this badge successfully completed the Introduction to Internet of Things course. The holder of this student-level credential has introductory knowledge of IoT and has an understanding how it enables the Digital Transformation along with emerging technologies such as data analytics, AI/ML and the increased attention on cybersecurity. They understand the importance of Intent Based Networking to be able to connect and secure tens of billions of new devices with ease.

[Computer Hardware Basics](#)

Issued by: [Cisco](#)

Issued to: Tokpah V. Sanjue

Issued on: 28 May 2023

Description: Cisco verifies the earner of this badge successfully completed the Computer Hardware Basics course and achieved this student level credential. Earner has fundamentals knowledge of computers and mobile devices, how they work, as well as the basic concepts and skills needed to install components to build, repair, upgrade personal computers and and basic troubleshooting tools and techniques.

[Operating Systems Basics](#)

Issued by: [Cisco](#)

Issued to: Tokpah V. Sanjue

Issued on: 12 July 2024

Description: Cisco verifies the earner of this badge successfully completed the Operating Systems Basics course and achieved this student level credential. Earner has fundamental knowledge of operating systems by covering the basic concepts and skills needed to explain the purpose and characteristics of operating systems, implement basic operating system security, and explain how to configure mobile device network connectivity and email.

[Networking Basics](#)

Issued by: [Cisco](#)

Issued to: Tokpah V. Sanjue

Issued on: 1 August 2024

Description: Cisco verifies the earner of this badge successfully completed the Networking Basics course and achieved this student level credential. Earner has knowledge of the types of networks, how they work, how devices send and receive data, the types of network cabling, how IP addresses find information on the Internet, how transport and applications operate, and has practiced building a home wireless network. Participated in up to 13 Cisco Packet Tracer activities.

[AWS Certified Cloud Practitioner](#)

Issued by: [Amazon Web Services Training and Certification](#)

Issued to: Tokpah V. Sanjue

Issued on: 5 August 2025

Expires on: 26 November 2028

Description: Earners of this certification have a fundamental understanding of IT services and their uses in the AWS Cloud. They demonstrated cloud fluency and foundational AWS knowledge. Badge owners are able to identify essential AWS services necessary to set up AWS-focused projects.

[AWS Certified Solutions Architect – Associate](#)

Issued by: [Amazon Web Services Training and Certification](#)

Issued to: Tokpah V. Sanjue

Issued on: 26 November 2025

Expires on: 26 November 2028

Description: Earners of this certification have a comprehensive understanding of AWS services and technologies. They demonstrated the ability to build secure and robust solutions using architectural design principles based on customer requirements. Badge owners are able to strategically design well-architected distributed systems that are scalable, resilient, efficient, and fault-tolerant.
